Resolved Issues

Defect Corrections and Minor Enhancements

The following reported issues are corrected in this release.

Release: 03/30/18

Jira Number	Summary	Notes
CMW-670	District Portal > Registered Student List > an error message will no longer be issued when no registered students are available. The end user will now receive a message that states "No Records Found".	District Portal > Exports > Registered Student List > select the View button.
CMW-712	District Portal > Online Registration > Acceptance Criteria is now working as expected for returning students, and when the Acceptance Criteria is deleted from a student's record.	District Portal > Online Registration > Select a School > Select Register Students. Please note: Acceptance Criteria must be enabled by the Joomla Admin.
CMW-719	District Portal > Online Registration > the system will no longer issue an error when registering a student with no District ID. Registered.	District Portal > Online Registration > Select a School > Select Register Students.
CMW-743	District Portal > Student List will no longer reflect duplicates when a client has multiple locations, and multiple calendars.	District Portal > Student List.
CMW-801	District Portal > Student Grades > the system will now honor the selected course-section.	District Portal > Select a Student from the list > Grades tab > select a course section.
