# Resolved Issues

## Defect Corrections and Minor Enhancements

The following reported issues are corrected in this release.

Release: 01/21/19

Jira Number	Summary	Notes
CS-788	<b>School Calendar Management (CALNDR2_M)</b> Updated Day screen to display correct Class About data	Modified internal custom control flag setting to return AboutDisplay as Numeric or Alpha
CS-819 24424	<b>Sending School Attendance (SAttend_M)</b> Duplicate Key Error	Modifications were made to the processing so users can now perform Sending School Attendance for same District/School on the same date. Duplicate Key Error no longer generates during process.
CS-823 24448	<b>State Reporting Validation (PIMSVAL_M)</b> Post-Secondary Credit returning "blank"  <b>PA ONLY</b>	Validation verifies if student has student PIMS post-secondary credits that the CTE Student Fact export is exporting. Updated validation process to produce a student PIMS post-secondary credit listing for students who have post-secondary credits
CS-848 24686	<b>Remove/Return Student (RRS1_MTB)</b> Insert Error when returning	Modification made to both return student and return selected procedures so that live and archive fields now match to successfully return student from archive
CS-863 24749	<b>Teacher Course Certification Student Status (SCERTT_M)</b> Incorrect Syntax Error	Modification made to process so users can now select Class and enter student certification information as intended.
CS-872 24771	<b>ODR Import update</b> Field 65 Graduation Status code	No longer imported for PA will now import BLANK and no longer data from template
CS-885 24706 / 25235 / 25456	<b>New/Returning Approval/Processing (APPOK_M)</b> Cannot Inset Duplicate Key Row Error	If using ODR BOTH Custom Control fields below need to be completed:  There are 2 Next Number fields in Custom Control > one for Projecting into Current Year (Registration Next) and other for projecting in Upcoming Year (Projected Next)
CS-891 24965	<b>New/Returning Approval/Processing (APPOK_M)</b> Current Year Alert Error	This is NOT an error message but a Warning identifying there are students without valid Start Dates entered. This gives the user an opportunity to go back to the prior tabs and verify/correct any student Start Dates.

CS-906	<b>Safe Schools Management (INCDNT_M)</b> Person Next Num not working properly  <b>PA ONLY</b>	Added an order by on the Nextnum function so that it reads in the P# correctly when trying to increment
CS-919	<b>SIRS Day Calendar Export</b> Day Type - Superintendent Conference Day  <b>NY ONLY</b>	Added new code to codes table for 001412 Superintendent Conference Day which will be included in the teacher calendar, not the student calendar
CS-922	<b>Instructional Course Offerings (INSTBD_M) and ICO by Location module (INSTBDL_M) &gt; EOP Exam</b> "Other" option needed  <b>RWS ONLY</b>	Added new EOP Exam option = Other
CS-925 25280	<b>Remove/Return Student (RRS1_MTB)</b> Error when returning student from archive	Modified 2A Return ALL student process to look back 7 years. However, if returning student further then 7 years we recommended using 2B Return Selected and selecting to return Registration, contacts and programs as data could have drastically changed now that student is an adult – this process looks back 10 years.
CS-936 25329	<b>Admin Attendance Begin Session (At14_MTB)</b> Not displaying Supplemental Attendance	Reviewed and modified query to resolve reported display issue
CS-947 25536 / 25541	<b>Student Scheduling (SENROL_M) and SL Student Scheduling (SLENROL_M)</b> Receiving "null" using Change Existing or Create new tab for system generated CFM/PDP classes  <b>NY ONLY</b>	Identified and modified trigger which was inserting nulls into schedule table which resolves reported issue.
CS-948 25521	<b>Coop Training Plan module (COOPTR_M)</b> Displaying RESERVED POS tasks	Modified the Add/Delete task form so it no longer displays RESERVED POS tasks for selection
CS-956 25600 / 25626 / 25613	<b>Admin Attendance Begin Session (At14_MTB) and Teacher Attendance Begin Session (Att1_MTB)</b> Student Names duplicating	Updated student attendance grid script to fetch Occup Attendance for specified date as some students have multiple occup attendance categories which was causing name duplication.
CS-957 / CS-971 25579 / 25599 / 25652 / 25706 / 25717	<b>Remove / Return Student (RRS1_MTB)</b> Duplicate Key error when returning from archive	Modified procedure by updating several tables in archive to have one calendar stamp for rolled over data which was causing issues when returning.
CS-958 25622 / 25659	<b>Dropout Management module (DropOut_M)</b> Invalid Property Value 380 error	Identified 9 <sup>th</sup> grade entry date being blank was generating error which was corrected to resolve reported error.
CS-959 25628	<b>Student PA Secure ID (PASCID_M)</b> Invalid column name error	Updated trigger for Student Prior Yr update as the insert statement still had retired fields. Once retired fields removed this resolved the reported error.

CS-961 25632	<b>State/Industry Assessment (STU2_MTB)</b> Work Based learning tab has no data to select	Identified left outer join was incorrectly set. Once moved the WBL entries all display for selection/updating.
CS-962 25647	<b>Student Scheduling (SENROL_M) and SL Student Scheduling (SLSENROL_M)</b> Student Profile button display issue when using Search function – if student not found system continued to display last selected student detail	Modified code so that during search process if student not found system clears all data and will return no student data when selecting Student Profile button.
CS-963 25651	<b>ClassMate Data Validations (Val1_MTB) &gt; Missing Student Forms Validation (50)</b> No data returns	Identified and fixed code that was commented out. Validation now opens as val_002 with missing forms data.
CS-1005	<b>PIMS Course Submission Collection 3</b>  <b>PA ONLY</b>	Based on PDE Correspondence our Engineers reviewed & modified the 3 Course templates and modified PIM Prior Yr to add new field Course Delivery so clients can successfully export PIMS Course, Course Enrollment and Course Instructor files for all CTE and Core Content Classes.  PDE Correspondence: All LEA types will be required to submit any Course found in Appendix A beginning SY 2019-20. It is suggested that LEAs submit all courses for 2018-19, but not required.
CS-1008 26017	<b>Student PIMS Information (STPIMS_M)</b> Student information display issue	When using Search function if user did not click to select student name found from left listing prior to clicking Student Profile button the system was displaying PRIOR selected student information. This has been resolved and the actual student you are searching for now displays.
