Release Notes 3.02.01

Resolved Issues

Defect Corrections and Minor Enhancements

The following reported issues are corrected in this release.

Release: 09/25/19

Jira Number	Summary	Notes
CMW-1055 5012997	**Course Certification** Duplicating Student Names	Removed Active/Inactive filter to correct student name duplication when student had Inactive Schedule.
CMW-1049 5011495	**Grading > Skill** Task grade recording single digit	Updated code to save task grades with leading zero if entered as single digit. This is required for some customer reports that include task grades.
CMW-1042 2052751	**Grading > Skill** Task grade not saving when toggle used to list Student Names across top & Tasks down left	Updated Toggle trigger so when student list / task list flipped it will record entered grades regardless of view selected.
CMW-1025 2048418 / 2049765 / 2051832	**Course Certification** Listing not displaying	Identified code required Category - Provider assigned to Certification to display properly. Updated code to disregard Category assignment to fix display issue.
CMW-1022 2044512	**Student Snapshot > Notes** Entered Notes not displaying in Windows Teacher Anecdotals module (TSI1_MTB)	Corrected tchr_issues being saved as undefined in database to resolve Windows display issue.
CMW-1012 2045982 / 2040557	**Grading > Skill** Letter grades entered but when entering Skill grade "no grades calculated for this student for this MP" message displays	Procedure adjusted to update Grade Date to the Current Date when grade entered. User will need to set each date graded to within the GP selected if entering grade for a prior GP.
CMW-1007 2036998	**Knowledge Bank** Assigned to some identification	Corrected display indicating activity assigned to some students "Yellow" when not assigned to any current students "Green"
CMW-1006 2040389	**Grading** Period Displaying incorrectly	Identified code was only referencing MP dates from first class in list. Code adjusted to pull MP dates every time a different class is selected.
CMW-976 2039954 / 2045874	**Report Card Comments** Defaulting to MP4	Modified procedure to default to current MP.
CMW-935 2039462 / 2039416	**Progress Report** Active/Inactive filter not working	Modified filter trigger
CMW-921 2039123 / 2039832	**Attendance** No Attendance Notification displaying incorrectly	Modified procedure to also check att_verification to resolve incorrectly displayed Red Triangle warning symbol next to Class name when selected in dropdown to no

		longer display when all student attendance indicated
CMW-886 5012529	**Gradebook** Final Grade not displaying	Adjusted display issue by adding a column that was missing in a temp table in the SQL
CMW-857 2037505 / 5010796	**Gradebook** Page not loading for all classes	Root cause identified as not all students have matching schedules for all MP's which inserts null in period_id. Modified code to resolve display issue.
CMW-855 2036999 / 2039989	**Gradebook** Withdrawn students displaying "Active" on Last Day of MP	Students who withdrew during the Current Marking Period will display when Status filter "Inactive" is selected. Once MP is closed, if the MP that the student ended in is selected, the student will only display when choosing "Active", subsequent MP's will display student when "Inactive" selected.
