Harris Educational Solutions

## **New Application Features-November 2019**

Important Note: System administrators may need to adjust report & module assignments. All new reports and modules are **NOT** assigned to users when the system is upgraded. It is the responsibility of the system administrators to assign new functionality to the appropriate users. All sites should have an identified and trained system administrator. If your site does not have a System administrator, please contact us for assistance.

1	New & Enhanced ClassMate A V2019a Function	
	Enhancements, New Functionality & S	ystem Adjustments
	Admin Attendance	<u> </u>
CAEWN-277 Enhancement	Administrative Attendance	Administrative Attendance: Add the start and end date fields to the courses and class display grid
CAEWN-335 Adjustment	Makeup Hours	Makeup Hours: Corrected an issue within the module that displayed when the withdrawn/current radio buttons were selected. The display error will no longer appear
CAEWN-268 Enhancement	Non-Classroom Hours by Student	Non-Classroom Hours by Student: Corrected a sporadic error displaying when entering student hours
	Base Data	, ,
CAEWN-259 Adjustment	Base Data	Campus Maintenance: Increased the field character length from 35 to 80 to allow the campus names to display properly throughout the system
CAEWN-272 Enhancement	Funding Source Management	Pell Source Indicator: Added a radio button to identify funding sources that will trigger automation in payment processing related to PELL/Economically disadvantaged
CAEWN-286 Adjustment	Period Management	Period Management: Corrected an issue with creating new periods outside of the current school year
CAEWN-311 Enhancement	Fee Management	Fee Management: Added functionality that prevents the module from closing while users are working tin the module
	Calendar Managemen	
CAEWN-277 Enhancement	Adjust Class Schedule	Adjust Class Schedule: Added functionality that will now allow users to remove all scheduled days so the class will NOT display in the admin attendance module
	Curriculum Manageme	nt

CAEWN-283	Curriculum Management	Instructional Course Offerings:
Adjustment		Removed a display message that
		appeared after selecting the "Calc End Date" button. Users will no
		longer see the comment
CAEWN-267	Multi Educator Module	Multi Educator Assignment:
		Corrected an issue in the Instructor
		Grade Module where assigned users were unable to view all classes as
		expected. Any user assigned to a
		class will now be able to view
		classes as expected so grades can
		be entered
CAEWN_263 Adjustment		Multi Educator Assignment:
Enhancement		Employees marked as "Inactive" in
		employee Management will no
		longer display in the Multi Educator Assignment module for selection
CAEWN_266		
Enhancement		Multi Educator Assignment: Added
		automation to remove the user from the class they are associated with.
		Automation is triggered when an
		employee name is removed in the
CAEWN-245	Competency Management	employee management module  Competency Management: Added
Enhancement	Competency management	functionality that will notify users if
		they are importing curriculum into a
		course that already has it. Users can
		override but the system will stop the import if they are importing the same
		curriculum so there will NOT be any
CAEWN-262	He't Octobrow We'teld	duplicate Duty or task ID's
Adjustment	Unit Category Weighting	Unit Category Weighting: Made a correction to the module that allows
		users to save weight percentages
		that did not equal 100. Also,
		corrected an issue with weighting changes being stopped even when
		grades did not exist
CAEWN-294/292	Program Management	Program Management: Added
Enhancement		functionality to the program notifications tab, that allows users to
		determine which registration statuses
		should be associated with each
		program. The selections will determine which notifications are
		created. Notifications can be created
		for program level or course. This
		functionality works with the
		notifications group management module in system administrator
	Grading	
CAEWN- 260/299/300	Grades by Class	Incompletes: Added the ability for
Enhancement		users to enter the word "Incomplete" in the comments to indicate the
		student has not completed the
		course
	Payment Processing	

Enhancement  ### A Pell funding source in payment processing will have the Pell indicator selected on the program tab and economically disadvantaged on the special populations tab  ### Personnel Management    CAEWN-263	CAEWN-272	Payment Processing	Payment Processing Created an

		disadvantaged on the special populations tab
CAEWN-334		
Adjustment		Demographics Tab: Corrected an issue related to unverified students
		registering via the portal and
		duplicate student ID's preventing students from successfully
		registering
CAEWN-287 Enhancement		Forms Tab: Corrected an issue with
		dates saving correctly when the student name contained a special
		character
CAEWN-261		Demographic Tab: Added
Adjustment		functionality that checks for required fields and prevents users from
		saving without required fields
CAEWN-257 Adjustment		Demographic Tab: Corrected an
, injusting		issue when entering new students and the student filter selection
		conflicts with new student status
CAEWN-249	Certificate Eligibility	Certificate Eligibility: Corrected an
Adjustment	Certificate Enginity	issue with "report not found" when
CAEWN-304/299	Ctudent Academic History Management	running completion certificates
New Module	Student Academic History Management	Academic History Module: New Module! Academic history tab has
		been removed from registration and enrollment and has become a
		separate module. Module is found in
		Student Processing>Student Academic history Mgmt. Users can
		easily access the new module by
		using the GOTO link within
CAEWN-338		registration/enrollment module
Enhancement		New Fields: Added new fields that
		include course title, units, grades, hours & date completed
	State Reporting	
CAEWN-336	PIMS Processing	Industry Credentials: Corrected an
Adjustment		issue with industry credentials where
		some credentials were not being pulled into PIMS processing as they
		should
CAEWN-332		Pell/Poverty Indicator: Corrected
Adjustment		an issue and added automation to
		properly pull the indicators into the templates when inserting from the
		database
CAEWN-329 Adjustment	PIMS Export Management	PIMS Export Management: Removed the column header on AA
		per PIMS as they are no longer
		collecting the information

		T =
CAEMIN DOO		PIMS Export Management:
CAEWN-320		Corrected an issue related to district
Adjustment		entry, school entry and state entry
		date when exporting the Student
		Snapshot template
CAEWN-250	1098T Processing	1098T Exports: Added email
Enhancement		address field to the module and the
		export
	System Administrator	
CAEWN-292/326	<b>Customization Management</b>	Misc. Tab: Allows school to enable
Adjustment	3	student change notifications. Options
		include:
		None-Not being used
		Both –Student changes on both
		Program and course level
		Program-Student changes on
		program level only
		Course-Student changes on
		course level only
		course level offly
		Grade Tab: Added alpha Grade
CAEWN-303/299		Crosswalk, Users now have the
New Functionality		ability to enter a letter grade into
New Functionality		crosswalk to convert numeric grades
		into alpha grades for printing on
		transcripts and other reports
CAEWN-238	Student Email Processing	New Module! Students can now receive
New Module	Student Email Processing	emails from the ClassMate system based
New Ploduic		on a variety of filters used to select
		specific student groups. The filters
		include enrollments status, last name,
		course, class, etc. Users can customize
		the email being sent to students, link an
		attachment and customize the CC reply
		email address.
CAEWN-292/293	Notification Group Management	Notification Group Management:
New Module		New Module! New module to allow
		users to create notification groups for use
		with the new program notification
		functionality. Users can be attached to
CAEWN-288/289	Student Import Module	the groups using this module Student Import Module: Created a
New Module	Student Import Module	new module to allow users to manually
14CVV Ploduic		import student applications. This
		functionality requires using a customized
		template and customization fees may
		apply. New module can be found in
		System Administrator>Student Import
		Module
CAEWN-288/290	Import Logging	Import Logging: Created a process to
New Functionality		log any import errors into a table from
		which we can pull reports related to the
04 FIAIN - 200 / 200		data
CAEWN-280/289	Navigator Alert	Navigator Alert: Created the ability for
New Functionality		users to be notified when open requests
		have been imported. Only users flagged
		in the user management module will have
		the navigator display.

## New & Enhanced ClassMate Adult Education V2019a Reporting

Reporting		
	Attendance
