New Application Features – AWS Version

Important Note: System administrators may need to adjust report & module assignments. All new reports and modules are **NOT** assigned to users when the system is upgraded. It is the responsibility of the system administrators to assign new functionality to the appropriate users. All sites should have an identified and trained system administrator. If your site does not have a System administrator, please contact us for assistance.

New & Enhanced ClassMate Adult Education AWS Functionality

	Enhancements, New Functionality & System Adjustments	
CAEWN-208 24324 **ENHANCEMENT**	**Non-Classroom Hours by Class** Requested Cancelled/Inquiry students not display and option to select Withdrawn	Added toggle switch to choose between Active and Cancelled/Withdrawn students. Also omitted all Inquiry students.
CAEWN-228 25239 **ENHANCEMENT**	**Customization Management** Requested System Message to not allow duplicate student in class	**Student Enrollment:** Miscellaneous Tab > Inquiry/Applied Registration Duplication if there is an Inquiry or Applied Registration you can determine if **No** – will not allow another registration entry for same course/class (it reminds you to update the Inquiry/Applied) **Yes** – allows you to proceed with entry which could be duplicate **Override** – displays Warning that there is already enrollment but allows you to override and add another
CAEWN-274 27405 **NEW MODULE**	**Adjust Class Schedule Hours by Date module** Ability to add/subtract hours by class	Created new module which can be assigned to allow the user to add or subtract a number of hours from one or more classes with schedules on the selected date.
CAEWN-333 5032556 **Fix**	**CWDS module** Requested to not display Cancelled/Inquiry students	Adjusted code to ignore Applied / Cancelled / Inquire registrations so will not display.
CAEWN-342 5067884 **Fix**	**Location/Building/Room Management** Error would display if no city/state/zip selected.	Added check to make sure city/state/zip selected or will not save and will display notification message.
CAEWN-349 5079559 **Fix**	**Employee Management** Error displays when selecting employee	Returns if code finds orphan data. Adjusted code to allow selection and not error out if orphan data present.
CAEWN-353 5090515 **NEW MODULE**	**Student Case Notes Management module** Ability to enter Case Notes w/o student record visible	Created new module which can be assigned to staff that will display all students (enrolled past or present) and allow for entry of categorized notes.
CAEWN-358 5104535 **Fix**	**Master Control > Year End tab** Statement display	Identified as leftover debugging statement which was removed and will no longer display when tab selected.

CAEWN-359 5104725 Fix	**Non-Classroom Hours by Student** Run-time error	If record not saved before next entry error was displaying. Check was added to identify if there is data in hours column and will auto-save before it moves to the next selected student – this eliminates the error.
CAEWN-360 5105345 Fix	**Non-Classroom Hours by Student** Students not displaying for user	Procedure was only displaying if Class was set to Unit Grading = Y and if not didn't display students. Commented out check for unit grading flag to eliminate issue.
