New Application Features – AIM TS-5415

New & Enhanced AIM Functionality		
Enhancements, New Functionality & System Adjustments		
AIMROP-378 ENHANCEMENT	Importer Allow Multiple Disabilities General request to adjust importer process to allow multiple disabilities to import and update Student > Demographics 2 tab	Added capability to K12 Importer to allow import of multiple disabilities for a student record by modifying database triggers/constraints to allow multiple types. K12 Importer needs manual mapping adjustment for each District, by AIM Support Team, to accommodate for updated procedure and allow multiple imports in DISABILITY_CODES field.
AIMROP-629 Fix	Import Error – Name Length There was a problem encountered when importing identified as I_name field only allow 50-character length	Modified I_name field by increasing character allowance to 100
AIMROP-630 ENHANCEMENT	Enrollment Summary Report Returning School Code & would like School Name	Added 'Show Site Name' checkbox as parameter to subreport. If checked the report will run and return Site Name, if unchecked will show Site Code.
