New Application Features – AIM TS-5434

New & Enhanced AIM Functionality

Enhancements, New Functionality & System Adjustments		
AIMROP-609 ENHANCEMENT	**Student > Demographics Tab** Updated Gender dropdown to include new selections	Added 2 additional selections: • Non-Binary • Decline to State If either of those selections are made a secondary box will display for M/F selections to identify Legal Gender if needed. Sites importing student roster files via Importer can now include 'N' in Gender field for importing into AIM
AIMROP-671 ENHANCEMENT	**Student > Demographics Tab** Updated to add options to enter Preferred and/or Alias names Can also Search by Preferred Name or Alias Name	CURRENT Student Name field will remain and considered to be **LEGAL** Student Name. Current reports that return Student Name will continue to pull data from this field. New **Names** button Added to display 5 New Fields: • Preferred Student First Name • Preferred Student Last Name • Alias Student First Name to be used for 'nicknames, for example Jon instead of Jonathan • Alias Student Middle Name • Alias Student Last Name Once information entered > Click OK to return to STUDENT screen and you will need to Click Save at top to save entries/updates made. These fields are manual entry fields and are NOT added to the Importer Process and will not be able to be imported into AIM. If there are any specific reports you would like to see these new fields Added to, please submit a TeamSupport ticket and identify the Report Name, Field to Include and where on the report. This will then be reviewed to determine time & resources required as it could be considered a CUSTOM, billable request.
