Release Date: 12/05/2021

New Features / Resolved Issues

Defect Corrections / Minor Enhancement / New Application Features

Below you'll find reported issues, along with the following enhancements/new features have been included in this upgrade.

Illustrations are included on Summary Table – Enhancement Screen Shot page.

Important Note: System Administrators may need to adjust report & module assignments. All **NEW** reports and modules are **NOT** assigned to users when the system is upgraded. It is the responsibility of the System Administrators to assign new functionality to the appropriate users. All sites should have an identified and trained System Administrator. If your site does not have a System administrator, please contact us for assistance.

Release: CMSec 2021-10
