Gateway Printing

As with any browser-based tools, no network printing is available which is true with the Guacamole Interface solution as well. There are two options for users to use to download/print reports, see below.

- 1. Users can select the small printer icon 'Print Report' and select the Print Range
- 2. Click **OK** to display 'Save Print Output As' window

- 3. In the 'Save Print Output As' window you will type the report name (or other identifier) in the File name: field
- 4. Click on the > next to 'Guacamole Filesystem on Guacamole RDP' and simply click on the yellow **Download** folder that shows underneath
- 5. Click the **Save** button to initiate the auto-download and the system will automatically create a PDF in your browsers downloads.
